EDUCATION

2020 - 2022

KHWOPA HIGHER SECONDARY SCHOOL

- +2 in Science with Computer Science

2022 - ongoing

PURWANCHAL UNIVERSITY

KHWOPA ENGINEERING COLLEGE

- Bachelor in Computer Engineering

SKILLS

- Project Management
- Web development
- UI/UX design
- Problem solving
- Software engineering skills

LANGUAGES

- English (Fluent)
- Nepali (Fluent)

PROFILE

I am a passionate Computer Engineering student interested in Full Stack Web Development, UI/UX Design, and Problem Solving. Skilled in Django, HTML5, CSS3, Bootstrap, and PostgreSQL, I enjoy building responsive and user-friendly web applications. Through projects such as event management systems, lost-and-found platforms, and data structure visualizers, I have developed strong skills in frontend development, backend integration, and software design while continuously learning modern technologies and improving my development skills.

WORK EXPERIENCE

Professional Experience

Global Nobel — Intern

Remote Internship | 90 Hours

- Participated in a structured international internship program focused on professional development and technical learning.
- Collaborated in team-based activities and gained exposure to real-world workflow practices.
- Strengthened communication, problem-solving, and project coordination skills in a professional environment.
- Improved understanding of software development processes and collaborative work culture.

Technical Experience

- Developed full-stack web applications using Django, PostgreSQL, HTML, CSS, and JavaScript.
- Built C++ projects and DSA visualizers using Graphics.h and algorithms concepts.
- Used Git, GitHub, VS Code, and command-line tools for development and version control.
